Attn: Yahan Hsu, Marketing manager

Dear Yahan,

As a condo manager, I am pleased to have partnered with Anjels Media, and grateful for the invaluable assistance they have provided our condo.

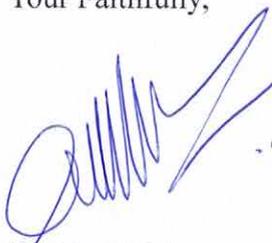

Anjels' digital screens allow me to upload the condo notices remotely. This is a tremendous time-saver for me. Not only that, it saves the cost of printing.

Moreover, I would like to highlight a specific instance that showcases the great support we have received from Anjels. In March of this year, we were organizing the grand opening ceremony for our condo' EV charging station. However, we had difficulties finding an electronic vehicle for the event, so I inquire Anjels to assist us. To my delight, they not only find a suitable sponsor but also arranged test-drive opportunities for our residents.

I would like to recommend Anjels to other condos. Their services extend far beyond providing digital screens. We are pleased about our partnership and look forward to continuing collaboration with Anjels Media.

Thank you.

Your Faithfully,

Ibrahim Tahir
